PROCEDURE

Shooter will start from either Box 1 or Box 3 with gun at low ready. At buzzer shooter will engage all targets and move to the other 2 boxes engaging all targets in each of those respective boxes. All shooting is done from within the shooting box and NOT on the move. All targets require 8 points minimum to neutralize. White targets with "X" are no-shoots. Black part of target is considered hard cover and hits to this area do not count towards point total. There is a mandatory reload before shooter leaves box 2. Blue circles are clay targets.

Repeat course of fire.

(Course of fire subject to change without notice).
